## GEORGE S. BASCOM MEMORIAL WORKSHOP SERIES ON CURRENT ISSUES IN CLINICAL MEDICINE

George S. Bascom was a surgeon, community leader, and poet in Manhattan, Kansas, and was adored by family, friends, and a lifetime of patients. He played a significant role in the formation of the Center for Basic Cancer Research, and served on its original Research and Education Advisory Council. He died of cancer in 1993. In 1996, a group of donors established a fund for this workshop series in his honor.

### **GEORGE K. BASCOM, MD**

Practicing Oncologist, Kearney, NE

#### ***Breast Cancer***

October 15, 1996

### **ALI FATTAEY, PHD**

Onyx Pharmaceuticals, Richmond, CA

#### ***The Use of Viruses in Cancer Therapy***

March 14, 1997

### **CAROLINE TSEN, MD**

Massachusetts General Hospital, Boston, MA

#### ***AIDS as a Global Concern: Observations from Haiti, China, and the U.S.***

December 9, 1997

### **NEAL R. PELLIS, PHD**

NASA Johnson Space Center, Houston, TX

#### ***Microgravity: A Novel Approach to Tissue Engineering for Medicine and Research***

October 30, 1998

### **BRUCE AMES, PHD**

University of California, Berkeley, CA

#### ***Causes and Prevention of Cancer: The Role of Diet, Pesticides, and Pollutants***

April 20, 1999

### **JANE HENNEY, MD**

Food and Drug Administration, Washington, DC
