Bermuda shorts.

# Why We Play

This annual memorial golf tournament honors Brad Heyka, who was tragically killed at the age of 27 in December 2000. Brad grew up in Dodge City, KS and played on Garden City Community College's golf team from 1991-92 and 1992-93. He then went on to earn a finance degree at Kansas State University and work at Koch Industries in Wichita, KS. His infectious personality brought many friends together throughout his lifetime, and they continue to gather every year to honor him at this tournament.

Funds and donations raised from this tournament benefit the Kansas State University Foundation via scholarships for KSU students. In addition, a portion of the tournament proceeds support K-State's top cancer research graduate students. The university's Johnson Cancer Research Center offers competitive awards to its 100 affiliated laboratories, where faculty-mentored graduate students conduct much of the research and represent the future of cancer research and medicine. To date over \$300,000 has been raised in Brad's memory.

We hope you can join us this year as a player, sponsor, or volunteer. The event is held in Manhattan, KS at Colbert Hills Golf Course.
