

Center for Basic Cancer Research

Hello! My name is Dr. Waddle. I am a scientist.
Do you know what a scientist does? Let me tell you.

To order *A Day With Dr. Waddle*, use the order form provided on this website or contact the Center for Basic Cancer Research, Kansas State University, Manhattan, KS 66506, 785-532-6705, www.ksu.edu/cancer.center.

Cancers are diseases of the cells. But what are cells? That is a real good question! Let me explain the best way I know how.

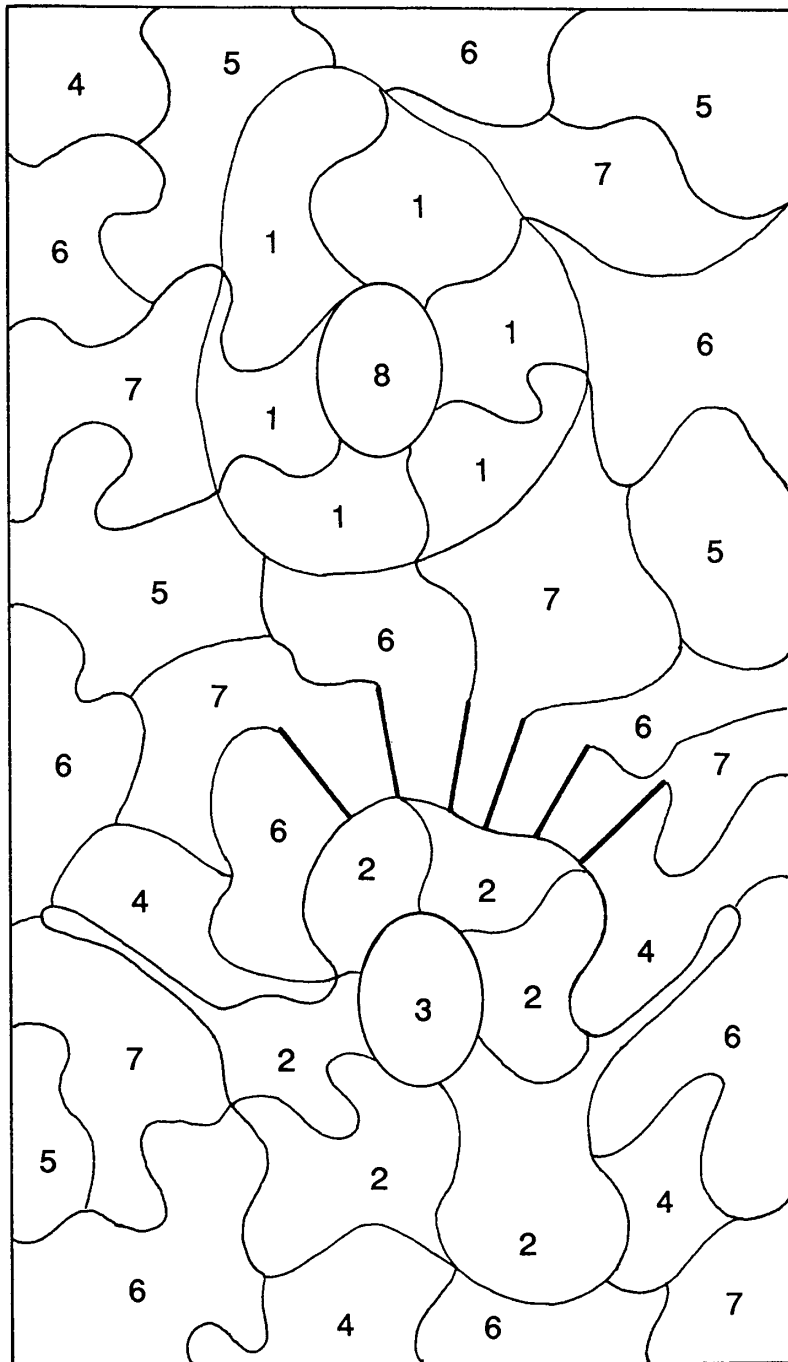

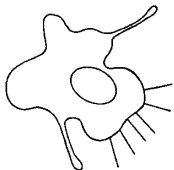

COLOR BY NUMBER

1. PURPLE
2. BLUE
3. RED
4. GREY
5. ORANGE
6. YELLOW
7. GREEN
8. WHITE

NORMAL

WEIRD

Scientists have discovered that the diseases called cancers are caused when normal cells start acting weird.
